Submission

I am opposed to the Star Casino hotel/residential development as it will overshadow Harris St.

I am opposed to the rezoning of building heights as well as they will ruin the area and destroy its amenity for we residents.

I also oppose the relocation of the cement works to White Bay where they will constitute the ugliest part of the whole plan.

As Pyrmont is the second most densely populated area in the nation, any moves to increase the population will again have a negative impact on the area.

I don't understand what you are going to do to Darling Island as it is already completely built out.

Darling Harbour is already overbuilt with ugly monstrosities so anything you do there will only make it worse.

Ultimo is an ugly run down suburb. No doubt your plans will make it even worse

get a life

I agree to the above statement

Yes
