Submission: Nepean Shores Golf and Country Club!! Sounds good, don't ya reckon?! So constructing a quality golf course here will still attract a business so to speak without the tonne of concrete to make warehouses. You will be able to keep your greenery in the area with quality ground maintenance team to keep the land under control, reducing erosion to the river banks nearby. With a golf course with high quality, it would attract visitors to the area boosting tourism for Penrith. It will continue to keep the sport and recreation title to this area as it was originally intended for. Take this opportunity to replant original and local flora to blend back in with surrounding environment.
