Submission: To whom it may concern. I disagree with this plan and it should remain the same. We don't want over crowding in the Penrith area. The way we are heading it will be like the city. People move out to the west so they aren't living on top of each other. I know this will probably not get read as it's most likely got the go ahead already but the government wants to make out that they asked the people first however but reading the comments on your Facebook post about this situation it looks like the majority of people don't want this to go ahead. Kind regards, Gavin
