Submission: I object most strongly to jet passenger planes being allowed to use Warnervale Airport. The current level of noise made by planes at Warnervale Airport is only just acceptable. Larger noisier planes will raise the level of noise at my home to an unacceptable level. It would not be unreasonable to demand that double glazing be provided to combat the noise and compensation be given to cover the drop in value of my property due to the additional airport traffic. From a safety point of view access to Warnervale Airport onto Sparkes Road would require substantial upgrading. Large planes flying over and parallel to the M1 motorway would cause a distraction to motorists driving along the M1 and increase the number of accidents on the motorway. The recent bushfires has caused death to a great deal of our fawner and upgrading Warnervale Airport would cause more unnecessary devastation to our wildlife. The upgrade is being driven purely by commercial companies and profit. I therefore object to any upgrade of Warnervale Airport to allow passenger planes to use the facility. Eric Manklow
