Submission: On behalf of Borg Manufacturing Pty Ltd, we would like the review of the WAR Act to consider action and options for the legislation to be amended to enable the site to be more effectively and efficiently utilised for aircraft use in the long term interests of the community, social and economic benefit of the Central Coast. The WAR Act is one document that Borg consider requires reconsideration to stimulate jobs and business growth on the Central Coast. Borg as a major business and employer on the Central Coast would be interested to offer further comments and contributions to the review of the WAR Act, and indeed other relevant planning controls or management policy for the subject site. We encourage the review to find a sensible and practical recommendation as the subject site has a state and regionally significant role to play in the future of the Central Coast socially, economically and environmentally in the aircraft and related business sector. Regards Mark Daniels - Planning & Development Manager Borg Manufacturing Pty Ltd
