Submission: I'm a business man and was honoured to know bill Bedser who built the airfield for the community I'm a private pilot and have flown in many countries AUSTRALIA is so restrictive at regional airports then any where in the world The few that want to restrict aero club flying forget how the pilots that flew non stop in helicopters fixed wing and indeed who lost their lives to save our lives in the present horrendous bushfires all needed to get their training from clubs like the central coast aero club give them support not restrict because of a selfish ill informed few freedom flying we need it protects us
