Submission file: [webform_submission:values:submission_file]

Submission: The YCCAA would like to see the Warnervale Restriction Act 1996 repealed in its entirety as it has no relevance and has never been enacted. It was put in place to score political kudos which has been an impediment to the Central Coast Region since that time. Should the Department decide that the Act is to remain, that the said act be amended so that it does not apply to any aircraft that has an all up weight less than 5,700 kgs, which is regarded as CASA as being a light aircraft. This will remove the movement cap imposed by the current Council and also remove the need for 24 hour notice for itinerant aircraft operators to seek permission to land.
