Submission: I fully support to keep the Warnervale airport OPEN ,it is madness to think central coast council would consider to close t such a important piece of infrastructure what should be happening is to increase the run way and allow more commercial use of the airport once this is closed ,there is no return of a airport on the central coast, central coast council should be supporting and encouraging small to medium size businesses to operate out of this airport it is crazy to even entertain closing the airport ,come on CCC use common sense here and keep the airport OPEN
