Submission file: [webform_submission:values:submission_file]

Submission: I am a dental surgeon in the area and own and operate practices all around the central coast , Lake Macquarie and south coast . We are expanding into remote and rural areas to be able to provide our services to people in regional Australia. Having an airport at Warnervale would be key to allow us to commute to regional practices efficiently . In this modern day and age, having an airport on the central coast is a crucial and very important part of the development of the coast .
