Submission: I would like to ask what school catchment the new development will be in and how the already overcrowded schools in the area will cope with increased population. Also, the proposal for decreasing parking to encourage the use of public transport. How will you ensure that people dont still have cars but leave them parked in Sydney Olympic Park and Newington for when they need them? will there be a supermarket for residents to do their grocery shopping instead of heading to Newington? Many Thanks, Victoria Avery, resident of Newington.
