Suburb/Town & Postcode: Wentworth Point

Submission file: [webform_submission:values:submission_file]

Submission: Road access: There is no mentioning of the once proposed westbound offramp from the M4 onto Hill Rd. This piece of infrastructure is important for access to Carter St and Wentworth Point. School: Carter St/SOP will need a high school. An education campus K-12 should be built on this site instead similar to Meadowbank. Homes: There should be no high rises (over 8 stories) west of Hill Rd (Haslams Creek Precinct) because this precinct is so far away from the heavy rail and metro stations. There is also no bus routes on Hill Rd or Parramatta Rd near the vicinity. Instead, some of this density should be transferred to the eastern end where it is closer to the metro station.
