Submission

My wife Dr G k Manku has had a medical practice at : 6 Trafalgar St. Glenfield 2167 for the past 30 years. In 2015 she received a grant from the government to upgrade her practice. Presently the site is a medical centre with a modern building fully equipped to provide general medical services, pathology services ,aged care and drug rehabilitation services. The centre also has a gym and allied health programmes to encourage healthy life styles with stress on prevention of chronic diseases.

So we would like to request that the medical centre be allowed to continue providing these facilities to the local community well in to the future.

Thank you

I agree to the above statement
