Submission

Hi, The proposal is a good outcome for Glenfield. Well done to the team involved.

My feedback is as follows.

1. The developments and rezoning of the sections on both sides of the station may lead to increased traffic. Glenfield public school has been in the same location for a long time and there has been increased concern of parents parking and kids walking to get to their parents. I would appreciate a plan for suitable parking when the rezoning happens to accommodate the influx due to increase in commercial space.

2. There is only one High school for Glenfield area (non selective). Given the rezoning and possible highrises, I would like to know if there has been any consideration been given to increasing the number of high schools.

Thank you
