Submission

Hello, I'm against this proposed development of Glenfield and the surrounding area, it will put pressure on the existing facilities to breaking point, I've already seen work on a new park recreation area that is using an existing sewer pipe network that is known to over flow due to not being upgraded prior to development in the surrounding area, yet you intend to add an additional 5000 plus homes and high rise apartments, who are the winners here only the government through stamp duty and the land developers. You are destroying a way of life for the sake a GREED, it's unsatisfactory that you should even propose this. As a government you really have lost contact with the people and I'm disgusted at what you are trying to do shame on you.

Sincerely

Mark craig

I agree to the above statement
