**Submission**

Hi, my submission as a recent property buyer is regarding the existing Public Housing and in particular the constant waste pile up /removal issue. I live in a street with villas and public housing and the dumping of rubbish/household outside the housing estate is a real issue. Apart from the hygiene issue its an eyesore and more importantly a safety concern, with items regularly on the road .

Why does the council not regularly collect from the public housing estates to eliminate the constant pileup ? or have strategies to educate tenants in this area?

I see so much potential for this area and this is subject that impacts all residents.

Thank you
