Submission

Hi there,

Thanks for the opportunity to comment on draft plan for Glenfield.

I own 8 Baldwin Avenue Glenfield. In the new plan, there will be High rise residential (7 storeys plus) behind me where the building can be 33m high. My new zoning would be med rise residential (3-6m high) with building height of 18m.

In the new plan, looking at my land, I would have 33m high building behind me and 33m high building halfway along my Northern fence. This will affect sunlight reaching my property which I believe is my basic right.

My request is to limit the properties behind me also same as proposed for my land or alternatively, make my zoning also as 33m high rise building to match the back neighbour and also half way along the side.

Thanks again for the opportunity to provide feedback.

Kind regards,
Rajiv
