Submission: I am a landowner directly affected by the SAP, My property is at [REDACTED]

[REDACTED] I was recently informed of the intention to rezone my land and surrounding land. I was also made aware that the plan would not be approved until February or March next year .. what needs to be done when the plan is approved and before any work is commenced is..... Landholders need to be notified and negotiations started to purchase ALL REZONED land before works commence,,, my land needs to be purchased ASAP. as rezoning my property will destroy my life style and life plans,, i would prefer to relocate before work starts,, other residents affected are of the same opinion most of us understand the benefits for Parkes and we support itwe just want sufficient compensation and we will relocate sooner the better.... The longer you leave it the higher the price gets
