Submission: I live at [REDACTED] Badgerys Creek rd Bringelly Directly opposite the Aerotropolis Railway station. (within 500 mts) Previous plans for comment had included my property in the Aerotropolis Core. I am a little dismayed that this current plan has not only eliminated my property from the Core plus the adjoining properties that I would have thought would be logically included due to their proximity to the railway station. In the last 20yrs, State planning in NSW has dictated land within 700mts of Transport links was earmarked for residential. Given the expected population growth for this area over the next 20-30 yrs, and the wide area given to flooding in the proposed Aerotropolis core, I would have thought it prudent looking forward to zone a wider flood free area to the Aerotropolis Core. There is already, (without the properties along Badgerys Creek rd) more than enough area set aside for Flexible employment. I would suggest that there will need to be more residential set aside to meet the employment needs in the area in the years to come. Regards Paul Taglioli
