Submission: Dear Sirs, The college has a masterplan for 1,680 students facility to be developed by the next 10 years. PEDESTRIAN ACCESS TO STATION We from Bellfield College have many students who catch the train to and from Leppington station currently every day. Immediate /going forward we anticipate further train line extension connecting to the new Airport. Our concern is that the train line will be on the other side of Bringelly Road from our school, our students will need a clear road crossing or a bridge to access the other side of the road. The issue needs immediate attention with current traffic/speed now. PLAYING FIELDS In light of the increase in a residential dwelling, we have identified the need for much more playing parkland/ fields for sporting activities in the Rossmore area. With an increase in population/dwelling/traffic/business activities Infront of our school property please see following concerns for safety purposes:- PARKING AREAS we are concerned with less space for parking area creating safety issues for the students and residents. ROAD WIDENING (Rossmore Ave West) Road widening for large buses and vehicles movements will be required for delivery of products to business areas, whilst taking note of state-provided student transport parking area for students morning and afternoon. TRAFFIC MANAGEMENT Traffic management systems and signs will be required in the planning Regards Bellfield College [REDACTED] Rossmore Ave West Rossmore NSW 2250
