Submission: Hi. Your plans severely lack open space for equestrian activities. Much of this whole area currently is space for horses and people who pursue equestrian pursuits. The small green space you are proposing to keep is severely inadequate.

Where will all the horses go? I currently commute 10 mins to see my horse. You talk about less than 30 mins commute to work but it seems that concept will impact on my ability to commute to my horse in that or less time. You need to rethink green space allocation for horses. Kind regards I do not agree to my name or email being published on your website or visible to the public as outlined in the statement below.
