Submission: Jersey Road has currently has been upgraded with Bringelly Road Stage 2 upgrade and is a major 4 way intersection with a new road leading into the Aerotropolis Core. It defies logic to leave it as a dead end street as you have in your draft plan. You have included only part of the new Jersey Road extension in the Aerotropolis Plan which is located inside the southern boundary of the Aerotropolis Core, but have left it as a Cul de sac.
