Submission file: [webform\_submission:values:submission\_file]

Submission: Your plan has gone against planning principles by moving the location of the M5 extension corridor identification area from the northern side of Bringelly Road to the southern side of Bringelly Road. Without community consultation and at odds with the Sydney towards 2056 plan. Land owners have been left in limbo as they do not know if there land will be acquired by this corridor. The corridor needs to be identified as soon as possible to provide clarity and transparency for affected landowners.
