Submission: Hi, my name is [REDACTED]

[REDACTED].what compensation will be enough to make future events not to be at my place anymore .[the farm] I bought my property 40 years ago and have lived here all that time ,this has been my only house . The Green Spine which is a important zone should be made from the High Level flood lands and should be purchased by Government. Remaining land should be zoned for future development , market forces will then determine land values . Fair and just compensation for all land zoned as high flood risk .
