Submission file: [webform_submission:values:submission_file]

Submission: The decision to delay the approval of the urban lands is incorrect. This approval should be given immediately to ensure the persons employed at the Aerotropolis have access to housing within a short distance to the airport. By not providing housing for the employees within a reasonable distance, there will be additional pressure on the existing roads and public transport. Therefore, the approval of the urban lands should be fast tracked to ensure adequate housing development prior to the opening of the airport.
