Submission:

As a resident of Orchard Hills I would like to give my full support to Penrith Councils draft plan of putting a train station at Orchard Hills on the south west rail link and developing land at Orchard Hills.

Orchard Hills has been identified by state government for investigation for residential development and i also fully support this.

Orchard Hills is bordered by the upgraded Northern road and M4 motorway with exits at either side (northern road and Kent road) and with the addition of the north south railway, orbital and the airport will be in prime position for development surrounded at all sides by transport infrastructure.
