Submission: I am a resident of Kelvin Park Drive, Bringelly and would like to express my concerns with the zoning and future purchase of land that is not affected by the 100 year flood. We purchased our property 6 years ago to live on a small hobby farm. This has changed quickly since the announcement of the airport. I do not agree if any of the land in the Kelvin Park Drive area is rezoned to recreational/environmental that it is left in private ownership for my green space. We did not purchase these properties for this purpose and this will make them extremely hard to sell. Please do not do this to private land owners that have families and this is the only large asset they own. This is our future and our children's. Rossmore Grange is already a large green space that has not been looked at as keep environmentally. Please consider the small land owner. Regards [Redacted]
