To whom it may concern

RE: Prioritise Precinct planning to include the Dwyer Road Precinct

My name is Michael Montes De Oca and I am the property owner [REDACTED] Bringelly NSW 2556.

STAGE 2 of precinct planning for the Aerotropolis indicated that the **DWYER Road Precinct will not** have priority zoning following the current exhibition period, which closes February 28, 2020.

We as a community have been advised that; Precinct planning for the DWYER ROAD PRECINCT will follow as infrastructure and services are planned, delivered and demand for additional land is generated. In addition, there is no proposed timeframe for the Dwyer Road Precinct to be rezoned.

This leaves me and my family in limbo for the future with a timeframe of 10-30 years!

Due to our location, we will be left right in the midst of construction of the new Airport. The construction and infrastructure projects proceed and increase in volume the detrimental effects on my family will increase.

We have concerns for our vegetable gardens being contaminated with the ongoing road works and future clearing of materials and spraying of chemicals. The amount of dust as speak is incredible as it covers everything around us and seeps into our home. This is a major concern for me as it will impact my child with Asthma.

The large volume of earth trucks speeding in and out of the area as they seem rushed to complete the governments timeline on construction is simply dangerous as well as irresponsible to those affected.

The amount of families being affected by being left in limbo on where their future lies is disgraceful and an abuse of fundamental human rights and I ask that this be corrected and those that are in the Dwyer Road Precinct be given the same courtesy and opportunity.

On behalf of my family i ask that urgent attention be given to the prioritisation of zoning our properties so that my family and those within the Dwyer Road Precinct are given a fair and sensible opportunity to plan our future before the major disruptions occur.

Regards

Michael Montes de Oca
