Submission: To whom this may concern; My query relates to the new Road in the Rossmore Region which runs Parrallel between Twelfth Avenue , intersects wynyard avenue then connects mid way through North Avenue. I struggle to make sense of this. The Road would be better if it intersects directly Wynyard Avenue and North Avenue from the Top of the Street. There are many farms which are affected by this mid intersection and the wastage of Land and business which it intersects is massive. Happy to discuss further.
