Submission: I am a resident of Victor Avenue Kemps Creek. I do not agree with the rezoning to environmental/recreation and think that if you are going ahead with that type of zoning you will fairly acquire our land. We have raised our two boys on this land and have put our blood sweat and tears into working towards owning our home only to find that the rezoning will make our land worthless. How is this even legal in a country like this?? Where is the fairness and equality?? If you are putting so much money into creating this airport, acquiring surrounding land should have been in the budget. You cannot just rezone land, devalue it and walk away and expect people to just accept it. If you want to rezone our land BUY IT LIKE WE DID. Our neighbours will benefit from being rezoned residential and industrial and we will suffer for the rest of our lives as no one will want to buy our land so we will be stuck here forever. What you are doing to people is absolutely disgusting and is causing sickness and mental health issues in families that is totally unnecessary. We have worked hard for what we have DONT TAKE THAT AWAY FROM US.
