Submission: To whom it may concern I do not agree to the proposal of South freek. I do not agree on rezoning land environmental and recreational and leaving it under private ownership at the expense of land owners. I do not agree with the outdated flood study bring used for this development. I go not agree with a new zoning for this development which to date is undefined. Any land required for open space should be zoned as recreational and acquired so residents can move on with their lives. Simple - if U need environmental, acquire what U can afford!
