Submission: Hi i have lived at [REDACTED] ,Bringelly for over [REDACTED] years with the view when we sold here in our retirement ,that our block would be our investment to fund it for our future.We are devastated to learn that our zoning will be environmental and that we will lose about 83% of our 8 acres and will be worth nothing this is pure robbery.Every meeting we have gone to the facts have not been told to us but just hidden behind the people talking to us and making us look like fools .The government needs to let us have much more of our land and acquire the rest ,they are destroying people lives out here ,you cant retire ,you cant sell and as the old planning minister said to us MInister Anthony Roberts that no one would be disadvantaged has that just be ignored?
