Submission: Living on the property [REDACTED] rossmore [REDACTED], we are devastated that this has happened not only to us but our surrounding neighbours. We understand and accept the build of another airport out in the western Sydney region and we would be down the road from this major development, until the proposal of the property was exposed and brought to our attention. [REDACTED] it is hard for me to get ahead in my future. My parents were in a position to help there children out until this devastating news was brought to our attention. The stress and anxiety that this has caused me not knowing how my furture will be and also both my parents are depressed due to not being able to help there 3 children get a head in life as every parent would like to. It is quite unfair that you feel its appropriate to play with the lifes of people who have spent many years there looking forward to retirement and the furture of the next generation. Kind regards
