Submission: I have lived at Kemps Creek on my wives family property for the past [REDACTED] where we have raised our [REDACTED] children. We enjoy the semi country lifestyle which has the benefit of [REDACTED] acres being within 30km to Penrith, Campbelltown and Liverpool which is where I have worked for the past [REDACTED] years. I understand our property is in the initial Wianamatta - South Creek Precinct which has dual zoning the first Environment and Recreation zone and the second Flexible Employment. In which we are only being rezoned Environment and Recreation at this stage and Flexible Employment in about 5 years time. My main questions are:- Is there going to be an acquisition clause for our property. - Will our land be part of a riparian zone and if so can we still have livestock in that area - If our house/sheds burns down can we rebuild - Will any work be undertake on our property for water & sewer works etc.. - How will we be able to continue to live here with airport noise. - If our land is acquired will we be compensated enough to be relocated so we can live the same as we do now - Three families living together on 5 acres close to all amenities. -when will the Precinct Plan be available We look forward to your response. Regards Graham Worsnop
