Submission file: [webform\_submission:values:submission\_file]

Submission: I have lived at Kemps Creek for over 30 years and brought up my family here. My husband and I worked hard for this property. We knew one day the airport would be at Badgerys Creek but 30 years ago there was no aerotropolis. My concerns are:- - When will the Precinct Plan be released - My property has two zonings Environment and Recreation and Flexible employment. Will there be an acquisition clause for my property - if so will that include my whole property - If my house/shed burns down will we be able to rebuild - How will we live with the airport noise - If our land is acquired will I be able to afford to buy 5 acres with 2 houses within the Sydney area - Will our property be marked for a riparian zone - can we still have livestock - I have lived here for over 30 years and south creek has never been cleaned out - when will someone clean the creek. - I have found all the meeting so far pointless as no one has clear directions or any answers. Regards Elaine Field
