Submission: My name is [REDACTED] and I am in Kelvin Park We have been overwhelmingly taken over by stress by the future plans for the Winamatta-South Creek spine for the Aerotropolis Core. I DO NOT agree with the proposal of the SCP and DO NOT agree on rezoning the land Environmental/Recreational and leaving it under private ownership. If you need Environmental/Recreational land then BUY IT first. We will not accept any E-Zonings and if the government needs open spaces then purchase it so we can move on with our lives. All of this has caused me and my whole family severe anxiety and stress since these plans came to life. No one deserves to live like this. We need to know that the government will be fair with their zonings and buy the land so be treated equally and fairly. not just look after their own interests We will fight this if necessary. To have more trees here will not be good for birds and bats so close to the airport. WE have had no problems in the recent rains also so all that stuff about the flooding is rubbish!
