Submission: NATHAN VERSI [REDACTED] KEMPS CREEK I live with my mum,dad,brother,sisterinlaw and my partner we have live on this 3 acre property since I was in school and it has always been a place for friends to come and get away from small neighbour hoods and work on cars and bikes without the worried disturbing the neighbours'. I also work with my dad, our work shop is in our shed so we live close to work, we also travel for a lot of our jobs all over Sydney and with the m7 only a few kilometres away from our house it makes our days a lot easier with less travel required. While we all agree with the airport it has come to light that our property zoning is trying to be changed to Environmental & Recreational this has put a lot of stress on dad and mum as well as the noise from the planes being above 25-35 ANEC So our life as we know it will no longer be. Pease be fair to all of us and zone the land for its best possible use and as we should be acquired before the first runway 2026 takes place.
