Submission: Joshua Versi [REDACTED] Kemps Creek I live on this 3-acre property with my family I have just married and my wife lives here as well. It's a great place that all our friends love coming to a little bit of country close to suburbia. Dad and mum have worked hard to have this lovely place for us and our friends everyone is welcome. They have also done it to help my wife and I out as at the moment we can only dream of purchasing our own place with the cost of living. Our time will come to look after them as they get older none of us rely on the government for anything. Both dad and mum are really stressed not knowing what the future holds for any of us the zoning needs to be fair and we also have the noise from the planes. If the government wants to zone us Environmental and Recreational then they should acquire us before the opening of the first runway in 2026 as the noise levels will be above 25 – 35 ANCE meaning we will not be able to live here.
