Submission: Dear Sir's I'm writing to you as my wife and I are the owners of [REDACTED] since approximately 2000. We bought the property to use as a hoppy farm and to use as an investment for our retirement. However our dreams has been destroyed upon the Council releasing their proposed 1 in 100 year flood rezoning. I can submit to the council that in the last 20 years the only flooding to the property was towards the back of the property being 70 meters from the creek and not the entire property. If the Council cleaned the creek, we would never have any flooding. We strongly disagree with the councils 1 in 100-year flood zoning proposal and request it to be immediate changed. I can also submit to the Council that I have my property insured with NRMA and for the last 5 years the premium has been decreeing and not increasing meaning our insurance company is of the opinion that the property is not in a flood zone. thank you
