Submission: i have lived at [REDACTED] bringelly for approximately 28 years and emextremely disapointed in the state goverment for not wanting to buy us out but instead want to steal our land from us offering no compensation what so ever, for the reason of getting more green space for nothing when liverpool council has "the grange " area available to be used for enviromental and recreational purposes at no cost to the goverment, at no point shoud this ever be allowed to happen to any Australian owned property especially when a promise was given by former state planning minister Anthony Roberts ,that no resident should be disadvantagedin the development of the aerotropolis i belive that all of Kelvin park residents should be aquired at market rates by the state goverment and take all this stress they have given us to resume our lives into the future
