Submission: I am a resident at Mamre Road Kemps Creek and I reject the current proposal for the mamre road development precinct as this would adversely affect me and my kids on my property I have a young daughter and a older son with severe global delay and autism if we were to remain on this property in several years time when the airport is in operation with my property being directly under the flight path and within a 5 km radius the effects to my health and my disabled son would be greatly affected I believe that only four properties are joining me were left out of the current mamre road development project and I'm asking why my property was not included in this proposal ?
