Bringelly, NSW, 2556

My name is [REDACTED] and I have lived at [REDACTED] Kelvin Park Dr, Bringelly with my family for 7 years but I have lived in Bringelly since 1973. I was able to purchase this land through hard work which I started when I was 14 years old, now you people want to steal it from us. I purchased this land for my kids to one day build there houses on it and to have our grandkids close to us. When I purchased this land it was only 10% flood zone but now you people are saying its over 85%. Do you really think that I would buy this land at 85% flood zone how dare you. What guarantee do I get that my land will not be rezoned once it has been stolen so government and Liverpool Council will reap the financial windfall and not my family. The evidence of this has been shown, Bringelly Rd were signs of government selling surplus land with commercial zoning which they brought. When the land was rezoned to green space. Why can't we sell to the developers and then government and council can then state what they want, how greedy are you people. I want to know how you people think that if my land is zoned E2 how can you say that you are going to build bike lanes walking lanes and picnic grounds, you can only do that is you REZONE!!! the land. We do not trust Liverpool council nobody does most corrupt bunch of people anyone has meet and looks like government have their fingers in the pie. Tell me how can a school be built at Austral were council have put up a 2 METER flood sign right in front of the school!!! and next door a new subdivision (corruption at its best) I was offered by a developer \$1.3 million per acre and they told me that Kelvin Park is worth millions \$\$\$ but now since this garbage E2 they have now backed away from the offer and have told me that I could not give it away (SEE WHAT IM SAYING CORRUPTION ALL THE WAY) This money we were going to get a good chunk of was for my daughter who has severe disabilities and planned to take her to America for specialized treatment but thanks to you leeches that can not happen. We will all fight this over 1000 families through the courts and as my solicitor tells me with over 1000 court cases this whole area will be in limbo for decades and put the whole court system into chaos, PLEASE RECONSIDER your decision and let us get on with living our lives

[REDACTED]
[REDACTED] KELVIN PARK DRIVE BRINGELLY 2556

Hi

[redacted] [redacted] from [redacted] Kelvin Park Drive, Bringelly
I and my family, husband and 5 children have live
here for 7 years now but have lived in Bringelly
for 30 years. We have a daughter who is born
with Aperts syndrome and is moderate Intellectually
delayed and is hearing impaired. Up to date now
my 21 year old daughter has had 46 operations
and still continuing. We are waiting to sell
our property so that we can take our daughter
to America so she can continue to have life
changing surgery and can only be done
in America. Thank you to all of you
beautiful people that have rezoned our
property and our area to E.2 we will not be
able to give our daughter this opportunity
that she needs. You are all scum and
just looking out for your own profits, profits
that is rightfully ours. Your trying to say
our properties are all flood zone and
trying to take it for nothing. This is government
robbery and you should all be ashamed
of this and you should all get arrested.
We all have been paying our properties and
land rates for years and you want to
take it for free. Let me tell you this wont
happen on our land and we will never let you
take it without paying us really what its
worth, which is a fortune because
this is where you want to put your pretty
little park lands and paths isn't it?
We all know as soon as you move in
with your bulldozes that the first thing
you will do is fix all the drains
so it wont flood your pretty little
park lands and timber path lands.
We will all be looking at legal action
if you do not acquire us all out
rightfully for what its worth.

Hi Im [REDACTED], and live at
[REDACTED] Kelvin Park Drive Briggally.

You have rezoned our area as a
green zone which means we cannot
build on my parents property.

You have killed our land and
all of our dreams. I now wont be
able to continue looking after
injured animals and build
more kennels for them and
protect them of the weather, as
I cannot even put another
shed on our land. Well you
may as well pack your bags and
move in and kick us all on the
road with nothing, as thats
what you have done. Only
hope you get treated like
shit too!

[REDACTED]

Kevin
Bringelley.

Im

Im 25 years old and live
at home with my family.

Thenx to you now my parents
have very high leveles of
anxiety and are now on medication

You need to acquire all of our
properties so that we can be
a normal family again. We need

to re perchace more property
but we need to have our money
first. Dont leave us in Limbo
and tell us we cannot build
anything on our property.

Change the rezoning so that
developers will want to come in
and buy our land and then we
can be happy to go. Thankyou

Hi Im [REDACTED]

I'm 18 years old and live at [REDACTED] Kelvin
Park Drive Briggely. I have lived here
with my family for seven years
and wanted to build a home
here so I can stay here forever.
Now you have rezoned us here
and you have changed all
of our lives for the worse
forever. You are robbing our land
forever. How do you live with
yourself and think for one
second that this is ok to
steal everybody's land for
nothing. If somebody else
did this they would be arrested.
The government should all be
arrested and put in jail for
this disease you have made
for all of us in the Kelvin Park
Area. You have such big plans
you pay us all how about
we are entitled and the way
should be paid out rightfully
want our land. If you
We all of Kelvin Park will
be fighting you in court because
you won't be taking my family's
land for nothing and then
re selling it only to profit
yourselves.
We won't let you do this
to us and get away with it.
Just disgusting. [REDACTED]

Im [REDACTED]

15 years old

live at [REDACTED] Kelvin Park Drive
Bringingelly.

Why should we have to leave here because you want to put park land and lakes at the back of our property. You need to give us the money to buy the same land else where so I can still ride my motorbike. I compete against other motorbike riders and need to continue this as its my dream and hobby. Our land is so dry at the back and has never flooded since the 7 years we have lived here. Its rubbish and not true that your saying 80% of our land is flood. You want to make paths for people and community to walk on at the back of my mums and dads house. If I see some strangers on my dads land I will run them over with my motorbike. My dad will never move from there if he doesn't get money for his land so he can buy more land for me to ride bikes. How can you build a footpath if it floods? Wont the public drown if their walking on paths. Just bull shit. [REDACTED]
