[REDACTED] we are in the "green zone" and are effected by your plan to zone the area as Environmental/Recreation. We are also in the aircraft noise levels of above 25-35 ANEC. Our age levels range from 18 - 71. [REDACTED]. We are on 3 great acres of land where we have celebrated milestones, birthdays, Christmas, friends and family gatherings outside in glorious space, and no one had trouble parking. The kids have played cricket, football, camped out, learnt how to ride a motor bike and drive a car on our land. Did I mention we also have animals - cats, dog, ponies, birds and chicken. [REDACTED]

[REDACTED] Not knowing the when and how our area will be zoned is causing arguments and lost sleep, we cannot sell or buy elsewhere as our home here is what we have. Being zoned Environmental has devalued our home. If our land/home cannot be zoned for Employment/Industrial and has to be zoned Environmental we need to be acquired by the government at a very fair and reasonable price. We believe that due to our situation, being in the "green zone" and aircraft noise, our land should be used for Employment rather than recreational. Opposite us there is already a well established business zoned as such. Thank you for this opportunity.
