Submission: I would like to contend that the Kemps Creek Precinct should be an initial precinct for the following reasons: - * proximity and ease of access to the new M12 Motorway which will cost around \$2billion to build - why lock away land close to this key piece of infrastructure when it could be used productively for the earmarked flexible employment uses. * proximity and ease to the Elizabeth Road upgrade which will cost around \$600 million - again, why lock land close to this major investment when it could be used productively for the earmarked flexible employment uses * Proximity to the airport itself being only around 4 km to the east of the airport entrance, it would make sense to have land this close to the airport to be rezoned as a initial precinct. Thanks for your consideration of my submission.
