Submission: My name is [REDACTED] and I live at [REDACTED], bringelly with my mum and dad and we are devastated that this is happening to our mum and dad, we understand that some of our land needs to be utilised for government land but we cannot understand that you do not want to acquire it? We cannot understand the thinking behind playing with mum and dads future as this was purchased as their super and pension and for them promising us to help us in our future but you placing them In an environmental/recreational zone is just not fair, We live behind the Grange which we know is owned by Liverpool Council and that is 200acres so why is this not being used firstly for open green space and why isn't the government purchasing green space that they can afford and not just taking it. Simple solution is that you purchase what you can afford and let mum and dad get on with their lives. TY
