Submission: I live at [REDACTED] Rossmore NSW 2557. Ever since the Department released it's plan for the area, this property has dropped in monetary value significantly. The lack of transparency about what you want to do with our property is horrible. Other new zones have 40m buffers around creeks and they allow the rest of the property to be developed, why can't this be the case for us? If not, acquire our land like you did with Thompsons Creek.
