[REDACTED] To whom it may concern Hello all, we are residing at [REDACTED], or our property address is also known as [REDACTED], we are married couple and have 7 children, also have my mother lives with us she is an elderly lady 93 years old, we are all concerned about the new proposal of the area that is affecting our land being highlighted for acquisition by government knowing that few steps away in our neighbourhood is all Aerotropolis city and we are just in the heart of it and our useable prime land should be part of the development of this city, ultimately the main key points for our argument is that we want to be fairly and equally compensated for our prime land and if we have to be acquired we want to know where to stand in terms of price and time rather than left in limbo, best regards
