Submission: This submission presented by Zdravko Zdrnja Of [Redacted] To whom it may concern Hello all, I am residing at [Redacted], I am concerned about the new proposal of the area that is affecting my land being highlighted for acquisition by government knowing that few steps away in my neighbourhood is all Aerotropolis city and I am just in the heart of it and my useable prime land should be part of the development of this city, ultimately the main key points for my argument is that I want to be fairly and equally compensated for my prime land and if I have to be acquired I want to know where to stand in terms of price and time rather than left in limbo, best regards
