

# Western Sydney Aerotropolis

---

## Stage 1 Land Use and Infrastructure Implementation Plan

### Community Consultation Submissions Received

From 21 August to 2 November 2018, the Department of Planning, Industry and Environment exhibited the *Stage 1 Land Use and Infrastructure Implementation Plan* (Stage 1 Plan) for the Western Sydney Aerotropolis.

Submissions have been individually numbered from 001 through to 608, and can be accessed on the Department's Plans and Policies website at the following link:

[www.planningportal.nsw.gov.au/draftplans/under-consideration/western-sydney-aerotropolis-stage-1-land-use-and-infrastructure](http://www.planningportal.nsw.gov.au/draftplans/under-consideration/western-sydney-aerotropolis-stage-1-land-use-and-infrastructure)

The table in this document indexes all submissions received during the public exhibition of the Stage 1 LUIMP.

Some submissions were received multiple times due to either a system error or people submitting the same submission more than once. To ensure transparency, all submissions including duplicate submissions, are included in the table below.

Submissions marked 'Confidential' are not available to download. Where this has occurred, it is at the request of the submitter for either commercial or personal reasons.

To find an individual submission in this table you can use the keyboard shortcut '**Ctrl+F**' on PC or '**Cmd+F**' on Mac to enable a search function and then search the first name or surname of the submitter.

Where a submitter has requested their name not to be printed it is listed as 'Name Withheld' and it will not be possible to search for the submission by name.

To protect the privacy of individuals, even where submitters have not requested their name to be withheld, any reference to residential street addresses, phone numbers or email addresses has been removed.
