I am the owner of [REDACTED] which is across the road from the new airport. we disagree with the current proposal plan around the airport, especially the agricultural and the agribusiness areas, as the new airport should have a corridor of urban or industrial area surrounding the airport. Airport means international travel, it means tourism, it means urban development, offices, catering, like any international airport, especially the United States major airports. Agricultural and the agribusiness areas could be located further up around the new airport, at a small travel distance for proper planning to the future.
