Content:

How can an E.I.S. be passed when no one knows where & who will be effected by extreme noise from aircraft flight paths 24/7?.

How can the people effected by aircraft noise in Sydney and areas around Kingsford Smith Airport get a curfew when the people of Western Sydney do not.?

The above clearly indicates the the planned land use at Badgerys Creek is unsuitable to Western Sydney residents. Blue Mountains & Hills district will be severely effected by aircraft noise when this airport becomes operational.

IP Address: - 60.240.68.240
